

"Soon after I began to take Wine of Cardui I could see that I was beginning to get back my strength."

That is the comment Mrs. Seymour makes.

If you are sick you can take Wine of Cardui and secure health and strength. If other medicines and other treatment have failed, that will make no difference. Few women have taken Wine of Cardui at first. By far the greater number of Wine of Cardui cures are women who could not secure relief elsewhere. All druggists sell \$1.00 bottles of Wine of Cardui.

WINE OF CARDUI

No. 48 Straight St., GRAND RAPIDS, MICH.

I am pleased to endorse Wine of Cardui as I found it so beneficial to restore my strength after my baby was born. I could not seem to get well enough to be up and able to do my work, and as I had been in bed for six weeks this was rather serious, but soon after I began to use Wine of Cardui I could see that I was beginning to get back my strength. In another week I was able to sit up most of the day and in a month I was able to be up and do most of my work. I think it is a splendid medicine for a woman and can certainly give it highest praise.

"SAVE-THE-HORSE" SPAVIN CURE

BEWARE OF IMITATIONS

Tuscola, Ill., Nov. 15, 1905.

TROY CHEMICAL CO.,

Binghamton, N. Y.

Dear Sirs:—Yours of Nov. 11th, asking about results with "Save-the-Horse" Spavin Cure received yesterday, and in reply can say that I had a driving horse with a bony growth on one of his front knees so bad that the leg was stiff and had to be moved sideways to go. My attention was called to "Save-the-Horse" Spavin Cure by my asking my druggist for something that would help or cure it, and he called my attention to this remedy, and guarantee. I was fearful that it had been too long standing to be cured, and had him write the company and see what they thought about the case. In a short time got letter from the company to sell me the Cure on the guarantee. So I brought it out and commenced using it as directed, and did not notice any effect for ten days—then a diminishment could be seen, and before I had used all the medicine could not notice a particle of lameness and the enlargement had nearly all gone. Have been using the horse all the time since, and notice no lameness in that leg whatever. I would not have believed any medicine could have done the work so effectually. I have recommended it to several neighbors and think "Save-the-Horse" is unexcelled. Yours sincerely,

P. J. GATES.

TROY CHEMICAL CO.,

Gentlemen:—About eighteen months ago I had a black horse with a bony spavin. I had her fired and blistered several times and it did not seem to do one bit of good. One day a horse trainer told me he thought "Save-the-Horse" might do him some good. I tried it and after using half a bottle I found my horse was perfectly sound again. The rest of the bottle I used guarantee. I was fearful that it had been too long standing to be cured, and had him write the company and see what they thought about the case. In a short time got letter from the company to sell me the Cure on the guarantee. So I brought it out and commenced using it as directed, and did not notice any effect for ten days—then a diminishment could be seen, and before I had used all the medicine could not notice a particle of lameness and the enlargement had nearly all gone. Have been using the horse all the time since, and notice no lameness in that leg whatever. I would not have believed any medicine could have done the work so effectually. I have recommended it to several neighbors and think "Save-the-Horse" is unexcelled. Yours sincerely,

JOHN LYNCH,

122 Winfield Ave.

Burlington, Iowa, Nov. 14, 1905.

The case on which I used "Save-the-Horse" was a bony spavin of six months standing. I applied one-half of a bottle and the hock is now clean and sound. I think "Save-the-Horse" fills a long felt want. Very respectful ly,

WALTER C. MOORE.

Burial insurance is as important and beneficial in its way as life insurance.

It costs but little to join the HARRISON MUTUAL BURIAL ASSOCIATION. Just \$6.00 membership fee and a very occasional assessment of one dollar when extraordinary emergency so demands. Since the Association was formed there have been only three assessments and the average cost to each member for the burial of a deceased member has been less than 22c.

Everything connected with the business of the Association is open to the most searching examination. Neither agents nor officers of the organization receive remuneration from the monies collected, the Association's income being used solely for burial purposes.

When your vitality is low, you are miserable all the time.

You are languid and depressed, your nerves are weak, and your appetite is poor. Read what

Ayer's Sarsaparilla

did for the invalid daughter of a grateful mother:

"My daughter had for a long time been troubled with violent headache and sleeplessness. She was pale, had no appetite, and was losing flesh rapidly. She tried various remedies, but received no benefit until she commenced using Ayer's Sarsaparilla. After taking half a bottle she began to feel better. By a continued use of this medicine her appetite returned, her cheeks began to fill out and show color, she gained in strength, her headache disappeared, she slept better, and now says she feels like a new person."

There are many imitation Sarsaparillas.

Be sure you get "AYER'S."
